**[Special Star-Bulletin Correspondence.]**  
OAHU COLLEGE, May 12.—This evening at Charles R. Bishop hall the Punahou dramatic club will present "Green Stockings."

The interest the community and student body are taking in the show is easily seen by the unprecedentedly large sale of tickets. There will be a record attendance at this evening's entertainment, from all indications.

The cast is in excellent state of readiness. The final dress rehearsals were held yesterday; these trials were great successes. All members have their lines thoroughly memorized and the action moves along smoothly. No pains have been spared in preparing the stage and costumes. Everything points to a successful performance. "Green Stockings" is a thoroughly interesting, modern English comedy in three acts. Its use by Margaret Anglin in 1911 is sufficient recommendation to those who are not familiar with the charming story. It is throughout a splendid mixture and interplay of English staid conventions and wholesome American straightforwardness and adventure.

The Punahou clubs clearly appreciate and interpret the fine lines of the play. The performance begins at 8 o'clock. Those who have not already provided themselves with reserved seats may secure general admission seats at the door. General admission is 50 cents.

**MAYOR WANTS LAWS PUBLISHED IN HAWAIIAN**  
Included in the supervisors' budget for the last half of this year will be an appropriation for printing the city ordinances in Hawaiian if a suggestion to be made by Mayor Lane at Tuesday's meeting of the board is carried out.

All the acts of the legislature are published in both English and Hawaiian and the mayor believes that the Hawaiians who cannot read English should have the city ordinances in a form which they can understand.

**A Food Fact To Remember**

Seventeen years ago a food was originated that combined the entire nourishment of the field grains—wheat and barley—with ease of digestion, delicious taste and other qualities of worth designed to fill a widespread human need.

Today that food—

**Grape-Nuts**

has no near competitor among cereal foods in form or nutritive value, nor has it had from the start.

Grape-Nuts on the menu builds and maintains body, brain and nerves as no other food does. Ready to eat, economical, appetizing.

**MOTHERS' ASSN. WILL MEET AND NAME OFFICERS**

The Punahou Mothers' Association will hold its last meeting of the year next Monday afternoon at 3:15 o'clock in Charles R. Bishop hall. The election of officers for 1916-17 will be held. The question of home work will also be discussed. In order to make the discussion more valuable and pointed the question has been divided into three parts.

(1) From the parents' standpoint, how much time should be spent in study outside of school hours; (a) in the preparatory school; (b) in the academy?

(2) The relation of the parent to the home work.

(3) The relation of the teacher to the home work.

Mrs. D. L. Withington, the president of the Mothers' Association, will preside. A large attendance of the mothers is expected.

**WIDENING OF NUUANU AVENUE MAKES PROGRESS**

"Nuuanu avenue widening is progressing rapidly," reports George M. Collins, city engineer. There are various legal steps necessary to acquire the property needed and Collins has negotiations under way with Bertram G. Rivenburgh, land commissioner. There are 22 Nuuanu cemetery lots that must be acquired, probably by condemnation. Of these there are seven listed as of unknown ownership, those in which are interred Jules Tavernier, the volcano artist; C. Griffiths, R. Gaudel, A. Kekala, O. Masche, J. B. Smythe and P. Girard.

Collins has asked the Nuuanu Cemetery Association to ascertain, if possible, the owners of these seven lots.

IS LIFE WORTH THE LIVING

on these beautiful islands without an automobile? This is a debatable question which only you can decide. If you don't think it is you will surely be interested in the bargain sale of rebuilt cars which will take place in Bishop Park, Saturday, May 13th, by THE von HAMM-YOUNG COMPANY, LTD. See list on Page 12.—Adv.

**WILSON POLICY WITH MEXICO DISAPPROVED**

An interesting characterization of America's Mexican policy was given in an address at the Y. M. C. A. last night by Attorney D. L. Withington, who stated that, while the attitude of the United States has been right in the matter, there is not one single step of which history will approve. Mr. Withington pointed out that, in his opinion, the principle should be that the United States must recognize, in solution of this problem, that Mexico is a part of the whole of Latin America, and take these other nations into consideration.

"Our policy in Mexico is," he added "a splendid tribute to President Wilson and his former secretary of state Bryan, but in so far as the application of it is concerned, there has not been one single thing done that posterity will not brand as erroneous."

**CHESTER DOYLE IS THANKED BY JUDGE STUART**

Indicating Circuit Judge Stuart's intention of leaving Hawaii when he steps from the bench June 1, as well as expressing his appreciation of the work of Chester A. Doyle as Japanese interpreter, is the following letter he has written to Mr. Doyle:

"It is but just to you that I should, of my own volition, express my high appreciation of your services as interpreter in this court."

"Your work has been very heavy, as you are required to serve in the three divisions, and close to one-half of all the cases tried require the services of a Japanese interpreter. Occasionally when such services have been required in two or more divisions at the same time we have been compelled to swear in substitutes, but in no case have we received that valuable service that you are capable of rendering."

"I take pleasure in vouching to the conscientious discharge of your duties before me as one of the judges of said court."

**WOMEN'S SOCIETY HOLDS LAST MEETING OF YEAR**

The Women's Society of the Central Union church gave its last social of the season in the church last evening. There was a pleasing attendance and an interesting program of music and poetry was enjoyed. Decorations appropriate to spring were placed by Miss Ramona Morgan and refreshments were served by Mrs. Frederick D. Lowrey. Those on the program were Miss E. McDougall, Mrs. W. D. Westervelt, Mrs. A. G. M. Robertson. Assisting Mrs. Lowrey were Miss Myra Angus, Miss Annie Hueston, Mrs. J. M. Young, Mrs. J. D. Marques, Mrs. R. L. Noggle and Mrs. Gardner Wilkins.

The Fulgar bill, designed to establish state wide prohibition, was killed in the New York assembly.

**JOLLITY RULES AT GRAND BALL FOR NAVY FUND**

Every success attended the navy and marine corps ball last night at the armory, held for the enlisted men as a part of the navy relief fund. The second and more formal affair will be held tonight.

Lighted lanterns, flags and bunting, colored streamers and flowers around the walls and high above the dancers converted the huge hall into a veritable fairyland of beauty, through which danced happy couples to entrancing music furnished by the 4th Cavalry and 2nd Infantry bands.

Members of the Third Submarine Division, the Navajo and the local marines, working together, were responsible for the success of the dance, and to Dennis O'Brien, chief master-at-arms, who managed it, and C. D. Gould, who arranged the lighting effects, are manifold praises due.

The grand march, which was dedicated to the Navy Relief Society, started the evening's jollity, which lasted to the final strains of the ending dance. Several dances were dedicated to the various naval officers.

Mrs. C. J. Boush, wife of Admiral C. J. Boush, together with S. R. Hickey, led the grand march, and this couple was followed by Mrs. Dennis O'Brien and Division Commander Hart and by others in order of ratings.

One of the noticeable features of the decorations was the arrangement of the eagle and the anchor, one at one end of the hall and one at the other.

Meet me in Bishop Park tomorrow, between 9 and 4.—O. U. Jones.—Adv.
